### **REMARKS**

#### **Present Status of the Application**

It is noted with great appreciation that the Office Action considers claims 1-3 allowed. However, the Office Action has objected the title, the specification and the drawing because of informalities. More specifically, the drawings are objected as failing to comply with 37 CFR 1.84 (p)(5).

After carefully considering the remarks set forth in this Office Action, Applicants have amended the title, the specification and the drawing to improve informalities. After entry of the foregoing amendments, the presently pending claims are in condition for allowance.

#### **Discussion to Objections to the Title**

The Examiner objected to the title. Accordingly, Applicants have amended the title according to the Examiner's suggestion. Applicants respectfully assert that the objection is no longer proper.

#### **Discussion to Objections to the Specification**

The Examiner objected to line 6 of paragraph 18 in the specification as being informal. Applicant has amended line 6 of paragraph 18 in the specification according to the Examiner's suggestion. Applicants respectfully assert that the objection is no longer proper.

### CONCLUSION

For at least the foregoing reasons, it is believed that the presently pending claims 1-3 are in proper condition for allowance. If the Examiner believes that a telephone conference would expedite the examination of the above-identified patent application, the Examiner is invited to call the undersigned.
